

AGRITRANS

10W30

(Code: 4200)

DEFINITION

AGRITRANS is a multi-functional tractor fluid designed to meet the requirements of modern tractor transmissions and hydraulics. Agritrans gives highest levels of wear prevention at start up and throughout the operative period.

AGRITRANS meets or exceed the following specifications.

US MILITARY MIL-L-2104D, 46167B

CHARACTERISTICS

Specific gravity at 15 C	0.886	Viscosity @ 40C (Cst)	82
Viscosity Index	130	Viscosity @ 100C (Cst)	9.5

This multifunctional product is suitable for tractors and mobile equipment, and is designed to carry out the following functions.

One oil reduces inventory, saves money.

Provides outstanding gear wear protection and bearing durability, extending component life.

Low temperature pumpability and performance.

PACKAGE SIZE

205 Litre, 60 Litre, 20 Litre.

- Materials Safety Data Sheet for this product can be obtained by visiting Ausfield Lubricants Website www.ausfieldlubricants.com.au
- All Packages should be stored under cover to avoid water contamination and fading. Products should not be stored over 60°C
- Due to continual product research and development, the information contained herein is subject to formulation change without notice. Values stated are average values only and may vary due to manufacturing tolerances
